Platform Advantages

Professional Visitors and End Users

As a premier global platform spanning the entire medical device industry chain, CMEF draws a diverse audience of distributors, agents, manufacturers, and hospital end-users from around the world for sourcing, purchasing, and partnership opportunities. Whether online or on-site, CMEF stands out as a top-tier exhibition in the Asia-Pacific region, offering rapid and extensive brand exposure for participating companies.

Online Resource

With over 40 years of development, CMEF has earned industry-wide recognition for its professionalism. The CMEF official website receives over 2 million page views annually, with a sustained year-on-year growth rate of over 16.3%. Its official WeChat platform has attracted nearly 500,000 followers. The CMEF database now contains high-quality data at the million-level, while its international database covers over 150 countries and regions, with more than 200,000 entries.

Onsite Sponsorship

Opening Ceremony Stage —— Video Display, Event Hosting, and etc

The opening ceremony stage is located near the venue entrance. It is the main entrance for the visitors, which will attract large traffic and high attention.

Photo Live Streaming ——Home Page Banner/ Splash Screen Ads

live photo streaming deliver exceptional visibility and high exposure, effectively capturing the attention of your target audience.

Information Desk Advertisement ——Displays more than 180 times each day

Entrance hall is a comprehensive area for information exchange and event hosting. It has the highest visitor volume and attention; therefore, placing video at the information desk gives the most exposure.

Conference Sponsorship

MEDCONGRESS®

As an influential professional medical devices exhibition in the world, adhering to the purpose of "trade, innovation, learning, exchange" and giving full play to the characteristics and advantages of "exhibition and conference" integration of innovation, CMEF will hold more than 80 themed forums and conferences during the same period.

The content covers many fields such as medical imaging, in vitro diagnosis, intelligent health, new medical infrastructure, medical insurance reform, hospital informatization, emergency, social medical management, doctor groups, intelligent manufacturing, and innovation investment.

Sponsoring the conference forum will help enterprises build the position of industry leaders, accurately focus on potential customers, and enhance industry influence.
